

24th June 2020

Good morning,

I hope this email finds you well and that you had a good start into the week.

I would like to introduce you to our virtual '**Year 12 Parents Evening**', which will take place on **8 July from 6pm-7.30pm**.

The aim of this virtual event is to provide parents with an insight into a range of essential topics, from how the UCAS application works, to the process of transitioning to higher education, and a glimpse into student life at Lincoln.

This is an opportunity for parents to receive generic information from the comfort of their home, with no particular focus on University of Lincoln except its student life at Lincoln angle.

Please visit <https://www.lincoln.ac.uk/home/studentlife/whatson/events/parents-july-2020.html> to find out more information about our virtual 'Year 12 Parents Evening'. You can also find attached the timetable for this virtual event.

Please also look out for our **Lincoln Live talks** and **Education Liaison Talks** on our [Virtual Classroom](#), which is filled with online content on a weekly basis to help keep all of your students engaged, including a weekly quiz, Live Link Up Q&A sessions and information on our Dig School and **Virtual Open Days**, which will take place on **10 July** and **11 July** with exclusive content for those attending on the day.

Kind regards

Cigdem Elikci
